### About the Speaker

CARLOS AROCHA has over 25 years' experience in insurance and reinsurance industries. He focuses on Enterprise Risk Management, Solvency II advisory services, Appointed Actuary consulting mandates, development and validation of internal risk models, reinsurance optimization programs and miscellaneous quantitative risk modeling projects. Since 2011, Carlos has been Managing Director for Arocha & Associates, a consulting firm based in Zurich. Carlos has worked in companies such as Swiss Re, Mercantile & General Re, Watson-Wyatt (now Towers Watson) and Hewitt Associates (now Aon Hewitt), in Mexico, the United States, Canada, and Switzerland. He is co-founder of the Swift Academy Project, an initiative that delivers state-of-the-art training knowledge transfer solutions to global insurance markets. He is also Secretary of the Leadership & Development Council of the Society of Actuaries, and Ambassador of the Society of Actuaries in Switzerland, mentor of the Integrated Projects Course, Master of Actuarial Science at Columbia University, New York. Carlos earned a BSc in Actuarial Science from Anahuac University, Mexico City, is a Fellow of the Society of Actuaries, and a Member of the Swiss Association of Actuaries. Carlos is a dual Mexican/Swiss citizen (source: <http://www.arochaandassociates.ch/about.htm>).
