About the Speakers

CARLOS AROCHA is Managing Partner of Arocha & Associates a Zurich based consultancy. Arocha specializes in insurance pricing & reserving, risk modeling and enterprise risk management in a variety of geographies, both in life and general insurance. Prior to founding Arocha & Associates, he held various positions with Swiss Re, a world-leading reinsurer. He was Director, Latin America with The Mercantile & General Reinsurance Co., and also worked in consulting firms, including Hewitt Associates (Aon Hewitt), Watson Wyatt (Towers Watson), and Buck Consultants. Arocha holds a B.S. in Actuarial Science from Anahuac University in Mexico City. He is a Fellow of the Society of Actuaries, and a Member of the Swiss Association of Actuaries.

Dr. KAI-UWE SCHANZ is Chairman and a founding partner of Dr. Schanz, Alms & Company AG, a Zurich-based advisory boutique established in 2007. In addition, he serves as The Geneva Association's Senior Advisor and Research Director for Global Protection Gaps. Prior to founding his own firm, Dr Schanz was a senior global reinsurance executive at Swiss Re and Converium/SCOR, based in Hong Kong and Zurich, a Lecturer in International Economics at the University of St. Gallen in Switzerland and a world trade affairs advisor to the Swiss Federal Government. Dr Schanz holds a Ph.D. degree in economics from the University of St. Gallen in Switzerland. In 2002, he received a life-time appointment as a Senior Research Fellow at Peking University (School of Economics, Insurance and Risk Department).
