Dear reader,

The Julius Baer Foundation has been dedicated to making meaningful and impactful contributions to society for over fifty years. Nowadays, the organization is committed to facilitate and support projects in wealth & education inequalities that's why The Wealth Inequality Initiative(WII) was created.

In this virtual event we will focus on the topic of Wealth Inequality in Latin America which is one of the most important challenges in our societies. You will hear how WII builds bridges between people from different socio-economic backgrounds.
