Target Countries and Regions

USA	Brazil*	South Africa*	UAE*	India	Indonesia
<ul style="list-style-type: none"> Investments in infrastructure modernization Infrastructure demand in the fields of transport and energy 	<ul style="list-style-type: none"> Regional: Latin America Mexico Chile Infrastructure demand in the fields of transport, energy, water, and disaster risk management 	<ul style="list-style-type: none"> Regional: Sub-Saharan Africa Infrastructure demand in the fields of energy and waste management 	<ul style="list-style-type: none"> Regional: Middle East and North Africa Good access to the GCC countries and the MENA region Infrastructure demand in several fields 	<ul style="list-style-type: none"> Second-largest global population and government prioritizes infrastructure projects. Infrastructure demand in the fields of water, sanitation, and energy 	<ul style="list-style-type: none"> Bilateral Free Trade Agreement CH-IN is active. Infrastructure demand in the fields of transport, and urban infrastructure

Contact with International Finance Institutions (IFIs)

S-GE as competence center to promote the participation of the Swiss private sector and IFIs:

1. **Information** on IFIs operations, tenders, procurement, and standards
2. **Positioning** Swiss expertise, products, and solutions
3. **Identification of infrastructure projects**
4. **Support Swiss investors**
 - Events, Trainings and Workshops
 - Fact-Finding Missions and Business Forums

Activities with IFC

How to Collaborate with MDBs
Zurich, October 2022

Meetings European Office
Frankfurt, March 2023

Mission to Brazil – Infrastructure
Sao Paulo, July 2023

Infrastructure Day
Zurich, November 2023

Mission to World Bank Group + IFC
Washington, D.C., January 2024

International Trade Forum
Zurich, April 2024

Project Examples

Peru –Drinking Water Supply Project for Lima

Design Engineering

Swiss expertise in tunneling and water management

Uzbekistan: Syrdarya Power Plant

Technical Consultancy

Swiss engineering consulting companies

The companies showcased in this presentation are for illustrative purposes only. This selection is not intended to be exhaustive and does not imply exclusivity.

- **Consulting:**

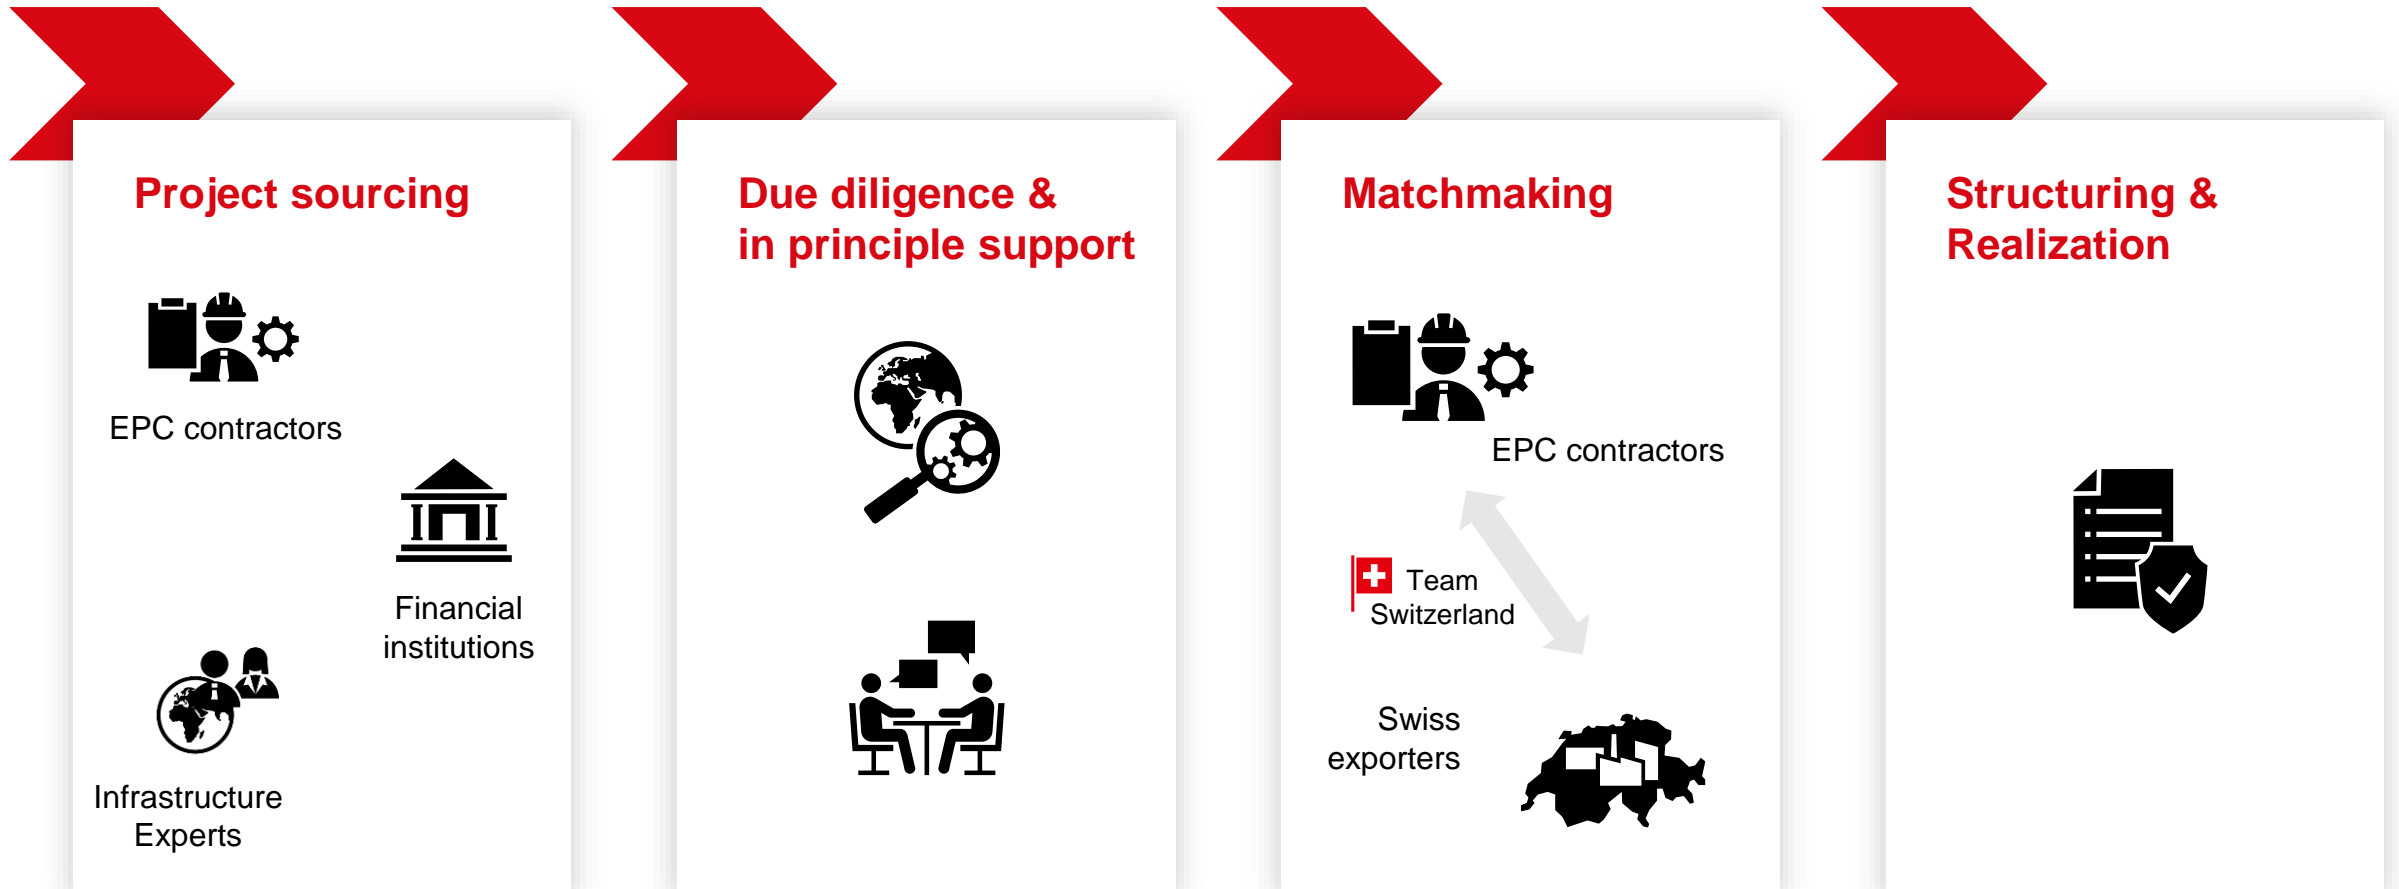

- Project planning
- Feasibility studies
- Works supervision
- Technical assistance
- Monitoring, audit and control of works
- Preparation of structural plans
- Rehabilitation works
- Implementation support

- **Specific knowledge:**

- Environmental planning
- Buildings
- Railroad and road infrastructure
- Energy technology (hydropower and dams)
- Spatial development
- Underground works and tunneling
- Geotechnique
- Water & sanitation

Pathfinding:

Actively sourcing infrastructure projects in the buyer markets
